

Multi tool

for the preparation of medium voltage cables

The multi tool CP-FLM 20 is designed for cutting and stripping of the outer cable sheaths and the conductor insulation, as well as for removal of cold-strippable semi-conductive layers. Spare blades may also be ordered separately.

Product description

Article name	CP-FLM20 Multi tool
Article number	250351

Characteristics

Suitable for cables with a diameter of 15 - 50 mm
For cold-strippable conducting layer thickness of 0.3/0.4 mm or 0.7/0.8 mm
Adjustable stop and limiting bar
Cut depth of the insulation and external sheath up to 10 mm
Suitable for PVC-/PE-/XLPE-insulation
Adjustable feed motion

Applications

Cutting and stripping of outer sheath
Controlled initial cutting of coldstrippable semi-conducting layer
Cutting and stripping of conductor insulation

Technical data

Article name	CP-FLM20 Multi tool
Article number	250351

Logistics data

Article name	CP-FLM20 Multi tool
Article number	250351
Delivery scope	Transport case
	Multi tool
	Assembly material
	Assembly instructions
Shelf life description	Unlimited shelf life
Country of origin	Germany
Customs tariff number	82055980
